

Crush!

Don't Flush!

Flushing pharmaceutical drugs can harm the environment!

Follow these steps to safely dispose of your drugs:

- 1. Do NOT flush!**
- 2. Ask your pharmacist if you can bring back your unused prescribed pills to the pharmacy.**
- 3. If you cannot dispose of unused or out dated pills at the pharmacy, then crush the pills and mix with coffee grounds or kitty litter.**
- 4. Place crushed pill mixture in the trash.**
